

Does Viatris conduct animal testing?

We do not conduct animal testing unless it is required by national regulations. We are committed to the “3R” approach (Replacement, Reduction and Refinement) with respect to ethical animal testing. Facilities performing animal testing on our behalf are required to comply with regional scientific procedures for laboratory animal science. These facilities use and/or are approved by the Association for Assessment and Accreditation of Laboratory Animal Care (AAALAC). Our Global Operations Audit (GOA) team performs regular audits on entities and facilities involved in animal testing to ensure compliance. In 2023, GOA audited 10 AAALAC certified facilities.
